Sixteen lives were lost in automobile accidents investigated by state police of the Gettysburg substation last year, 218 persons were injured, and property damage mounted over the previous year.

Four more persons were killed or died as the result of automobile or truck accidents in 1951 than in 1950, a summary compiled by state police shows. In 1950 there were 261 accidents, compared with 299 in 1951, an increase in 1951 of 38.

As the number of accidents increased, the number of persons injured rose and property damage increased. Police said 212 persons were injured in 1950, compared with 218 in 1951. The property damage, which included everything from automobiles to utility poles and state highway markers, rose from \$176,964 in 1950 to \$206,978.50 during the past year. This was an increase of \$29,994.50.

4 Deaths In April

Four persons were killed in three fatal accidents in April of 1951. Three died in two fatal accidents in August, and three in one crash in October. There were single deaths in March, May, June and November. Only January, February, September and December escaped without fatal accidents. Most property damage was in October, \$17,965. September and November each had 25 persons injured and April had 24.

The fatal accidents in 1950 occurred in March, when three were killed in three accidents; October, four in four accidents; July, two in two accidents; and April, May and June, which had one each. No fatalities occurred in January, February, April, September, November and December.

33 October Mishaps

October, 1950, led in the number of accidents, 33; with July and September second with 29 each. Twenty-nine persons suffered injuries in automobile accidents in July, and 26 in October. Property damage was highest in September, \$29,540.

MILK AND EGGS TOPPED FRUIT IN COUNTY IN 1950

Adams county is noted for its fruit—but its farmers received more for milk or for eggs than for fruit in 1950 according to figures released by the state Department of Agriculture.

During that year the county's 13,990 milk cows produced 79,828,200 pounds of milk and butterfat valued at \$3,632,180 on a basis of \$4.55 per hundredweight, listed as the average amount paid per hundredweight during the year.

At the same time the county's fruit production was valued at \$3,200,490. Eggs during the same year brought \$3,337,770 into the farmers' pockets. Egg production in Adams county during 1950 was listed by the department as 7,762,260 dozen.

Figures On Fruit
According to the department, the county's 602,305 apple trees in 1950 produced 1,296,180 bushels, which at \$1.50 per bushel average gave the apple crop a value of \$1,944,270.

That \$1.50 per bushel figure was exactly the same as the state average, and less than the \$1.85 per bushel figure for the U. S. From 355,047 trees, the county's farms produced 431,750 bushels of peaches, which at an average of \$2.05 per bushel had a value of \$885,090. The county's average for each bushel of peaches was less than the \$2.15 average for the state and \$2.11 average for the U. S.

From its 217,184 cherry trees, the county produced 2,181.18 tons of the fruit which at \$165 per ton brought in \$359,890. Adams prices were lower than the state figure of \$193 per ton and higher than the U. S. average of \$162 per ton. While peaches were not a big fruit they did add \$3,730 to the county's income with 1,330 bushels produced at an average price of \$2.40 per bushel, far above both state and U. S. averages. Grapes brought in \$3,570 with the county's 9,462 vines producing 37,620 tons.

Huge Livestock Investment
Old Dobbin has not completely disappeared from the Adams county scene, according to the department's report. A total of 1,310 horses and colts were counted, with their average value-per-animal being \$66. There were 330 milks in the county as of January 1, 1951, worth \$75 each.

Livestock and chickens on farms in the county were worth \$7,435,290 according to an inventory made by the state department as of January 1, 1951.

98 Pct. Electrified
To keep up production county farmers spent \$598,400 for 14,960 tons of commercial fertilizer and spent \$162,620 for 28,940 tons of lime during 1950.

Judging by the averages, all farms had automobiles as of April 1, 1951, for 108 cars were reported per 100 farms in the county. Approximately half the farms, 48 out of 100, had tractors, 89 percent had tractors and 24 out of 100 had silos. Thus there were approximately 3,300 cars, 1,500 tractors and 2,700 tractors on county farms.

Ninety-eight percent of the farms had electricity as of April 1, 46 percent had telephones, 98 percent radios, 61 percent running water, 39 percent bathrooms and 38 percent heating systems.

PLACED IN JAIL

C. Eugene Moul, York R. 5, was placed in the Adams county jail Wednesday to await a hearing before Judge W. C. Sheely on a parole violation. He had been in the York county jail and was removed by Sheriff Dorsey J. Schultz from the York county prison to the Adams county jail upon the expiration of his sentence on a bad check charge there.

Russia Asks For UN Security Council Meeting To Agree On Terms Of Armistice In Korea

Paris, Jan. 3 (AP)—Russia called today for a top level Security Council meeting to help bring about an armistice in Korea.

The Council meeting would be called under Article 28 of the U.N. charter which authorizes governments to send their chiefs of state or foreign ministers as delegates to Council meetings.

The suggestion was contained in a Soviet resolution submitted today, as a counter proposal to an 11-power draft calling for the U.N. to set up new anti-aggression machinery. The Soviet proposal was made in the 60-nation political committee after Vishinsky denounced the western draft as a plan which could lead only to war. He told the committee in a 37-page speech that the western, American-sponsored proposal "boils down to sanctions—in other words, war."

Seoul, Korea, Jan. 3 (AP)—Tank-supported Allied infantrymen attacked behind a thundering artillery barrage today and recaptured two strong points on the western front.

The sudden outbreak of fighting in Korea was ordered to regain ground lost to a Chinese assault December 28.

Today's fighting was fierce, but brief.

The Eighth Army said attacking infantrymen were heavily engaged for an hour. Then two Red groups retreated and abandoned the strong points to the Allies. The Allied infantrymen had won their limited objective by 11:05 a.m., a communiqué reported.

Three Other Fights
The action was west of Korango, just south of the 38th parallel and about ten miles northeast of the town of Panmunjom.

Three other small fights—all started by Red probes—were reported along the freezing 145 mile front.

In the air American Sabre jet pilots reported Communist jet air-men are getting bolder and more skillful. The report came after a clash Thursday in which one Red MIG-15 was damaged.

Chinese Communists have been getting almost daily maneuvering practice—sometimes costly—when they venture from their Manchurian bases into northwest Korea's MIG Alley, patrolled by Sabre jets.

The jets and raiding bombers struck as haze and fog lifted over North Korea.

MIXED REACTION TO PRESIDENT'S CLEANUP PLAN

Washington, Jan. 3 (AP)—President Truman's proposal for a "sweeping reorganization" of the scandal-ridden Internal Revenue Bureau got a cautious reception on Capitol Hill today.

In advance of the return of the main body of Congress members next Monday, lawmakers already in town were divided in their reaction. Few showed any enthusiasm.

With government corruption charges already high on the Republican list of election-year issues, Mr. Truman made plain his move was but the first of a "series of actions to insure honesty, integrity and fairness" in Washington.

"In addition to the reorganization of the Bureau of Internal Revenue," he said, "I expect to take further administrative action and to make other recommendations to the Congress to insure complete integrity in the operations of the government."

52 More Are Fined
Mr. Truman's statement was followed quickly by the disclosure that 52 more Internal Revenue Bureau employees have been sacked or suspended since the last official announcement, which covered the first ten months of last year.

This made the total for the year 1951, compared with 40 in 1950 and 36 in 1949. Of the 1951 total, 20 are suspensions, still under investigation.

Congress members for the most part reacted to the President's reorganization plan with a "yes, but..." attitude. Some said it didn't go far enough. Some thought perhaps it went too far in certain respects. Rep. Byrnes (R-Wis.) said he hoped it wasn't a "smoke screen." Other reaction was similarly qualified.

Truman's Plan
The President's plan, designed to "protect the government from the insidious influence of peddlers and favor seekers," will be sent to Congress under the government reorganization act. It would:

1. Abolish the offices of the 64 Internal Revenue collectors, substituting 25 "district commissioners" in their place.
2. Create an independent inspection service, streamline and centralize bureau administration, and provide for "more adequate salaries" for top administrative officials.
3. Take collectorships out of the "political plum" category and place the entire agency under Civil Service with the sole exception of the Internal Revenue commissioner.

CALLS HUNGARY "LITTLE CROOK"

Washington, Jan. 3 (AP)—Senator Russell (D-Ga.) today denounced the payment of \$120,000 to Hungary for the release of four captured U. S. fliers and said he was certain "the whole thing was directed right out of the Kremlin" in Moscow.

Russell told newsmen "it sets a bad precedent" and "puts us in a bad light before the world" to "yield to a blackjack in the hands of a cheap little satellite crook."

Russell, who heads the Senate Armed Services committee, said this group might look into the "ransoming" of the fliers at a session with the nation's top military leaders next week.

The four airmen were freed last Friday after American officials paid \$30,000 in fines for each man. They were convicted on charges of violating Hungary's border after getting lost and landing in that country on November 19. U. S. officers said the four were on a routine flight in a cargo plane and were blown off course.

Russell said, now that the precedent has been set, "There is no telling where this will stop."

He said the U. S. should have let the men serve three month jail terms, in lieu of the fines, and then given the \$120,000 to them.

Captain Cooped Up On Listing Vessel

London, Jan. 3 (AP)—Capt. Kurt Carlsen was cooped up today in the cabin of his listing ghost ship while a new storm raging across the North Atlantic raised doubts that the damaged freighter could stay afloat until a salvage tug beats its way to the scene.

The fearless skipper, hailed by the British press as "Captain Enterprise," appeared more concerned about the suffering of his would-be rescuers than his own fate.

Carlsen, 37, who refuses to abandon his ship, the American freighter Flying Enterprise, is existing on a slim diet of tea and "bits of dried food." He informed the commander of the U. S. destroyer John W. Weeks, which is standing by.

"You fellows are taking a worse beating and are suffering more than I am," said the youthful skipper whose faithfulness to the tradition of the sea has stirred the imagination of millions.

Warriors Meet Shippensburg Here Friday In League Game; Other Loops To Start Action

After nearly a month of pre-league games, a number of which were cancelled due to last month's heavy snowfalls, schoolboy cagers buckle down to real business Friday night when league seasons get underway.

Gettysburg high school's Warriors tangle with Shippensburg here in their initial South Penn. league tilt. The jayvee game will start at 6:45.

The Adams County Scholastic league swings into action with boys and girls being scheduled.

Games listed in the county league include the following: East Berlin at Littlestown, Newville at New Oxford and York Springs at Boiling Springs. Biglerville has an open date Friday.

Trojans Again Favorites

Despite having but one starter from last year, Bobo Read, the Chambersburg high Trojans are again favored to win the South Penn. title. The Trojans have had things their own way in the league for eight years and are confident of a ninth straight title. Coach Lowell Schlichter is banking heavily on reservists from last year as well as a promising group from the unbeaten jayvees of a year ago.

While Hershey and Hanover are selected in most quarters as the teams most likely to give Chambersburg a battle for the championship, Gettysburg, Waynesboro, Shippensburg, Carlisle and Mechanicsburg are hopeful of pulling a surprise.

Coach George Forney's Warrior outfit has played but four games to date as the result of two cancellations. Decisions were lost to Hagerstown, unbeaten York and a strong Alumni team. The lone victory was a 51-41 triumph at Red Lion.

GHS Shows Promise

From time to time the Forney-men have shown much promise and could be a dark horse. Dick Harrel and Jim Skinner are the vets from last year's starters while Jack Bream, Bill Williams and Dave Swope round out the group of letterman. The success during the loop season will be determined largely by the performance of a group from last season's reserves.

Shippensburg has four lettermen from last season, Jim Green, Ronnie Chamberlain, Earl Detwiler and Jim Miller, all of whom gained their letters as substitutes. However, the Greyhounds expect to give a good account of themselves during the campaign. Among their triumphs this season is a 36-26 verdict at Biglerville.

Other South Penn. games listed for Friday are: Hershey at Chambersburg, Waynesboro at Hanover, and Carlisle at Mechanicsburg.

The Adams County league teams will be gunning for titles won last year by East Berlin and York Springs.

Won In Playoffs

After a triple tie developed in the boys' division, East Berlin copped the championship by defeating New Oxford and York Springs in play-off games. East Berlin also took the regular league Shaughnessy playoff tournament by defeating the same pair of teams.

The York Springs girls copped their division title last season. Delone Catholic high, a member of the Central Pennsylvania Catholic league, is host to Mt. Carmel in its opening loop contest Friday night.

Rogers Herr's Gettysburg junior high cagers are also carded for their first game Friday, meeting Shippensburg on the latter's court.

In collegiate circles the undefeated Gettysburg college courtmen meet Johns Hopkins at Baltimore Saturday evening while Shippensburg State Teachers' college clashes with Mt. St. Mary's at Emmitsburg.

E. B. DRIBBLERS TOP WEST YORK

West York's reserves laced the East Berlin scrubs 48-20 in the preliminary game.

TRAINING FOR OLYMPICS AT NIGHT IN PARK

Roanoke, Va., Jan. 3 (AP)—The Rev. Robert (Bob) Richards, whose amazing pole-vaulting and decathlon performances earned him the 1951 James E. Sullivan memorial trophy, raked a sweaty forehead with the back of his hand.

The flying person had just pulled up in the darkness after a tour around a city park here. The time was 1 a.m. today.

"Well," said Richards, the amateur athlete of 1951. "I guess that's enough for tonight. I've worked out in this little park for almost two hours now. After a shower, I'll go to bed."

That's the way Richards, second pole vaulter in history to clear 15 feet and the National Decathlon champion, keeps in trim for his great performances. That's the way he's getting ready for the coming Olympic trials.

"I have to train much of the time at night," said the 25-year-old person, who last Sunday scored his 50th straight pole-vaulting victory in the Sugar bowl at New Orleans. "I usually teach in the morning, have business affairs to care for in the afternoon, preach at night and then comes my training."

Richards, who said winning the Sullivan trophy yesterday was "probably the greatest honor of my life," is concentrating on his Olympic preparation. Richards said he would defend his championships in all of the indoor meets the next few weeks. Richards, here on a visit and conducting seminars at nearby towns, is an instructor in religious philosophy at La Verne (Calif.) college.

Sports Roundup

By HUGH FULLERTON, JR.
New York, Jan. 3 (AP)—A lot of folks have been asking why a kid like Dick Kazmaier, a real standout in football and possessor of all the other qualifications, wasn't nominated for the 1951 Sullivan Memorial award. . . . Dan Ferris supplied the answer at Dan Ferris' track writers' lunch: He was, but his name was knocked off by the Sullivan committee when it whittled the original list of about 45 down to nine names submitted to the tribunal for the final vote. . . . Dan's explanation was that several years ago the committee adopted a policy of disregarding team sports on the grounds that a player depended too much on help from his teammates. . . . That must have been after Doc Blanchard and Arnold Tucker won the Sullivan award in 1944 and 1945. . . . But the constantly-changing committee apparently didn't say positively. One of the nine men who survived the cut was San Francisco's George Yardley, a star in two team sports, basketball and volleyball. . . . P. S.: You can't very well quarrel with the ultimate selection of the Rev. Bob Richards as a standout in "performance, example and good influence."

It may be an oldie, but Michigan football followers still get a chuckle out of this tale about Fielding H. Yost, who used to spend hours talking about the fighting qualities of the Wolverine, a pugnacious animal which is Michigan's athletic emblem. . . . Seems that one time Yost was persuaded by a photographer to enter a zoo cage with one of the ferocious beasts. . . . He emerged unscathed, explaining that the cameraman had been in greater danger. . . . Said Yost: "I kind of saw that he was always between me and the animal. They always

Farrell's Western titlists journey to New Castle in the Steelers' first step in their attempt to retain the championship of the 11 Class A sections of the huge WPAL.

Farrell Unbeaten

The unbeaten Steelers showed their power last week by smashing Ford City, 76-44, in winning the Johnstown War Memorial tournament. Ford City had been touted as the Steelers' chief WPAL contender.

Other important initial action in the WPAL sends Ford City to Kittanning, Duquesne to Clairton and Beaver Falls to potent Aliquippa.

The evenly-balanced section two race in District 10 opens with defending titlist Meadville meeting highly-rated Corry. In another game, Oil City plays at Titusville.

The fast eight-team Central Penn. conference opens Friday night, the pre-season favorite, at Steelton, and defending champion Lebanon at Milton Hershey. Both visitors are expected to win handily.

In other games Harrisburg John Harris meets Lancaster and Reading goes to William Penn.

Chambersburg's District 3 winners meet a good Hershey team in starting the South Penn. conference action. Towanda is at Athens in the Roosevelt Trail league feature.

The Central State league has Jersey Shore at Lock Haven and State College at Bellefonte.

Other Contests

Southeastern area highlights find Pottstown opening defense of its Ches-Mont league crown against Bridgeport and Norristown, winner over Allentown, starting suburban league play at Upper Darby.

Anthracite area loops get rolling with Old Forge opening the Lackawanna league at Scranton Central and Coaldale at Lansford in the Black Diamond league. Stroudsburg is at defending champion Palmerton in the Lehigh Valley league.

Two rivals of the southern section of District 9 meet as district winner Clearfield meets strong Pottstown-Taney. In the nearby Mountain league defending titlist Lewistown opens against Tyrone.

Johnstown, 1951's District 6 winner, meets a top competitor in independent Altoona in a featured non-league contest. Swopersville's eastern runner-up meets St. Michaels in another exhibition.

Cincinnati, Jan. 3 (AP)—President Warren Gilles of the National league today announced appointment of Jack Purcell of Salisbury, Md., to his staff. Purcell, 23, will be assistant to Dave Grote in the service bureau. In 1950, Purcell was business manager of the Lockport club of the Pony league.

Masons Hold St. John's Dinner:
One hundred and fifteen Masons attended the annual St. John's day banquet of Good Samaritan lodge, 336, Free and Accepted Masons, of Gettysburg, at the Hotel Gettysburg Monday evening.

Among the speakers were D. C. Jacobs, W. Preston Hull, the Rev. L. B. Hafer and the Rev. Howard S. Fox.

Harrison F. Harbach introduced Wayne M. Keet, the new worshipful master of the lodge, and other officers for 1952.

Instructor At Meade Resigns: The Gettysburg school board at a special meeting Monday evening received the resignation of Miss Josephine Rebert as teacher of the third grade at the Meade school and elected Miss MaBelle Hereter to succeed her.

Miss Rebert's resignation was necessitated by ill health, the board was advised.

Auto Inspection Began Friday: The first of two compulsory motor vehicle inspection periods fixed for this year by Governor Pinchot started Friday.

The second starts July 1 and closes September 30. Each period is followed by a three months' arrest period. Approximately 4,300 permanent official inspection stations have been appointed by the department of revenue.

The basic principal of these inspections is an attempt to prevent and reduce automobile accidents, and any other consideration should be subordinated to that end, Secretary of Revenue Clyde L. King has advised station owners.

Chinese Army In Full Flight — Tokio, Dec. 31 (AP) — Menaced by two onrushing armies, Chinese troops stampeded out of Chinchow Wednesday for places of safety below the Great Wall of China.

The homeward bound soldiers were jammed in flat cars and into box cars and the trains sped down the Peiping-Mukden railway in as fast an evacuation movement as the Chinese authorities could carry out.

Meanwhile the two Japanese columns responsible for the retreat had just about completed the movement designed to unite them at Kowpangtze for a quick sweep southward down the forty miles of Peiping-Mukden railway track to Chinchow.

Appointment of Woman Praised
(By Sue McNamara) Washington (AP) — President Hoover's appointment of Miss Mary E. Woolley as a delegate to the Geneva disarmament conference puts women's organizations of the country off to a good start on the new year.

For months numbers of them have been circulating petitions and passing resolutions calling upon President Hoover to send a woman on this important mission.

Jane Addams and Helen Taft Manning were in the White House through which presented President Hoover with a petition bearing thousands of signatures asking disarmament. . . . Especially jubilant is Carrie Chapman Catt, veteran feminist leader.

Aspers Couple Are Married: Miss Maybelle Taylor, daughter of Mr. and Mrs. A. E. Taylor, of Aspers, and Clyde Mansberger, son of C. T. Mansberger, also of Aspers, were married at Manchester by the Rev. B. P. B. Bussey, pastor of the United Brethren church, on Friday. The Rev. Mr. Bussey married the bride's parents 21 years ago.

Today's Talk

By GEORGE MATTHEW ADAMS

THAT SPARK OF ENCOURAGEMENT

One of the most satisfying experiences in life is to have some one suddenly put fire to the spark of encouragement and touch it off in our soul!

A co-worker of the late Harold Ross, brilliant founder and editor of The New Yorker magazine, paid a beautiful tribute to him in the December 15th issue. He told of how Ross came to his desk one day "apropos of something that had pleased him in the magazine." Finding no one at the desk he left a note which simply read: "I am encouraged to go on."

Many of us have stored in our memory just such an instance, when it seemed as though we could not go on, and then at the right moment someone gave us the needed encouragement that made all the difference. No one ever gets so good that he doesn't hunger for encouragement and appreciation. Without it the ablest would stumble and his work grow dull, for his interest would lag.

No one has ever been able to measure out the full value of encouragement given to another. Big and able people get discouraged at times the same as any of us humble folk. Their influence being greater, however, their appreciation of encouragement is that much greater. None of us should ever fear to give it. It's the applause of appreciation the actor gets that makes him want to be a better one.

I once witnessed a football game at a college function. The visiting team made several bad plays and I kept my eyes upon its coach, who talked to his boys as they came from the field as though they were ruffians. That broke the spirit of the team and they took a bad defeat. I witnessed another game and watched the coach go from boy to boy, as he came in, speaking kindly and giving encouragement. Then I saw them go out and win!

Every day of our lives we can give encouragement to others that will help to make them go on, and as we do this, we will be richly rewarded, and we will go on to more useful achievements.

Tomorrow Mr. Adams will talk on the subject "In The Quiet Of Others."

Just Folks

REST PERIOD

With the Christmas greeting done with
And the joy a year's begun with,
I shall settle down to business
And have strength for it, I pray:
Tired of pink sardines and crackers
Served to all pre-dinner snappers,
I'll go back to beans and frankfurts.
On a tin, self-serving tray.

Now the holidays are ended
And the parties all attended,
If I find that I've survived then
Very grateful I shall be.
Done with foods French chefs
Invented,
I shall settle down contented
With what best I like for supper:
Strawberry jam and toast and tea.

I don't say I'm not delighted
To affairs to be invited.
But to go to them too often
Is a bit too much for me.
And, until once more I've rested,
I shall not be interested
In another gay occasion.
Whatsoever it may be.

1952 isn't so much different than 1859

This marks the 93rd year that A&P has been serving the American housewife.

Its basic principle—to give better food for less money—is just as good today as it ever was. It must be or we wouldn't have been around so long.

But we, like everyone, can stand improvement. We'd like you to tell us what we can do to better serve you.

You can be sure we'll listen. Please write:

FAIRFIELD HI LOSES TO Y. S.

Despite a strong finish which was good for 16 points in the final period, the Fairfield high cagers dropped a 37-35 decision to the York Springs reserves on the latter's floor Wednesday evening.

Coach Ira Kerr's Fairfield team trailed 31-15 at half time and made a valiant attempt to make up the deficit in the last two periods. Cook with 14 points and Weikert with 13 led their respective teams.

Next Monday Fairfield will play at Biglerville.

MANY MAROONED BY 3-DAY STORM; 3 LOSE LIVES

(By The Associated Press)
Western states today are crawling out from under the paralysis of a three-day snowstorm and sub-zero spell that marooned motorists, tied up rail traffic and took three lives in Colorado. Another two are missing after the cab of a semi-trailer was swept off snow-packed Wolf Creek Pass in southwestern Colorado in a snow slide.

Rescuers last night used snow plows, sleds and snowshoes to bite through eight-foot-deep banks of snow and rescue 21 men marooned for more than five days in 10,000-foot Cumbres Pass on the Colorado-New Mexico border.

The men were brought to Chama, N. M., last night aboard a rescue train. All the men were reported in good shape. They included employees of the Denver and Rio Grande Western narrow gauge railroad way stations, crews of four trains stalled in the pass and rescuers who were isolated by the storm.

Severe Ice Storm
The pass remained blocked Thursday. One snowplow—stuck in three years—was not used in three years—was stuck in deep, icy drifts and communications to the summit of the pass are out.

Eastern New Mexico, most of west Texas and the south plains area of Texas is locked in the grip of an ice storm. The cold and ice extends as far west as central New Mexico.

A little warmer weather appeared headed into the cold and snowy areas in the central and western parts of the country today. The U. S. Weather Bureau in Chicago said temperatures were expected to climb slowly over the north central, northern plains and Rocky mountain region. The southeastern part

of the country is having mild weather.

Utilities Affected
Freezing rain and sleet which hit areas from northern Texas northward into Pennsylvania diminished today and moved slowly southward. Moderate to heavy rain fell south of the sleet belt. The ice storms disrupted electrical and telephone services in Kentucky.

An estimated 1,000 persons, meanwhile, were freed when highways connecting Utah's Utah Basin with Salt Lake City were opened. The persons had been isolated since Saturday.

The bite of sub-zero temperatures, dipping as far as 30 below or more in some places, continued Wednesday night and this morning, but considerable warming was predicted over much of the western states today.

MURRAY HINTS NO STEEL STRIKE

Atlantic City, N. J., Jan. 3 (AP)—President Philip Murray of the CIO United Steelworkers passed a strong hint that a crippling steel strike isn't likely—even before 2,500 delegates opened the convention today which was called to answer the walkout question.

Smiling and joking, Murray told a news conference last night he expects to be in Washington Monday for the first Wage Stabilization Board hearing on the great steel dispute.

Since the WSB does not conduct hearings in labor controversies where a strike exists, Murray's statement was a potent tip that the nation's steel mills will continue to pour steel for important defense and civilian customers. An indefinite strike postponement is expected by many observers.

Murray talked to newsmen after a meeting of the union's executive

board. That 35-man policy-making body drew up undisclosed recommendations for the convention. Murray declined to reveal what the board will recommend and said he wasn't sure whether the suggested action will be submitted to delegates at the opening session or whether a meeting tomorrow will be necessary.

The convention was called by the union's wage-policy committee after contract negotiations with the steel industry bogged down and government mediators failed to get them rolling again.

\$630,000 Bet By Ohio Gamblers

Cleveland, Jan. 3 (AP)—Upwards of \$630,000 was bet during November with professional gamblers in 22 northeastern Ohio counties.

The Internal Revenue office here revealed that yesterday in reporting it had collected \$63,000 so far for that month from gamblers under a new federal tax.

There had been predictions the new tax would drive gamblers out of business.

The tax is for 10 per cent of the gross business of gamblers. It marks the first time professional gamblers have made monthly reports on their businesses.

The largest single tax paid so far was \$16,663 and Thomas M. Carey, Cleveland office tax collector, said another man had paid \$7,000. He declined to name the men.

These prices effective Friday and Saturday, January 4-5. We reserve the right to limit quantities.

JO DAVIDSON, SCULPTOR, DIES

Paris, Jan. 3 (AP)—Jo Davidson, 68, famed American sculptor, died of a heart attack last night at his country home in central France.

The bearded sculptor, who rose from New York's lower east side tenements to the top level of art and living, had been regarded as a few minor heart attacks in recent months.

Davidson was stricken late yesterday afternoon at Becheron, the estate he owned at Azay-le-Rideau, near Tours. He was taken to the Tours clinic for emergency treatment and died four hours later while asleep under sedatives.

"He couldn't say anything before he died, poor dear," said Mrs. Davidson, who was with him. Andre (Dag) Dignimont, noted French cartoonist and painter, also was at the bedside. Dignimont and his wife had been holiday house guests of the Davidsons.

Davidson, widely known for his wit and zest for living, spent considerable time in the Touraine area, which was the home of Francois Rabelais, a lusty wit and Davidson's literary idol. Davidson was a founder of the "Compagnons de Rabelais," world-wide organization devoted to following Rabelaisian precepts of fun and laughter.

Funeral arrangements were being made today. Burial probably will be in Paris, his widow said.

Many of the great men of his time sat for Davidson's sculpture and many of his works are on permanent display in museums and government buildings over the world. In recent years he had taken an interest in political and social trends.

Betsy Ross Stamp Is Placed On Sale

Philadelphia, Jan. 3 (AP)—A postage stamp dedicated to Betsy Ross went on sale yesterday after a ceremony in the House where she was credited with making the first official U.S. flag.

A. Atwater Kent, Jr., president of the Betsy Ross Memorial, told the civic and postal leaders gathered at the little, old house on Philadelphia's Arch street "an overwhelming body of evidence has been compiled to show" that Betsy Ross stitched the first American flag at the request of continental government.

Osborn A. Pearson, assistant postmaster general, said Betsy Ross is loved long after her death because she is "an important part of our heritage."

Oneida, N. Y., Jan. 3 (AP)—Mr. and Mrs. Samuel Parteko of Lebanon have brand new twins—born in different years.

RIVER DWELLERS FEARING FLOODS

Dwellers along the Susquehanna, Allegheny and Monongahela rivers anxiously scanned weather reports today in hopes lower temperatures and a let-up in rain would ease threatening high waters. There is no immediate threat of floods, however.

The U. S. Weather bureau at Harrisburg said that no real flooding is expected anywhere along the Susquehanna unless an appreciable amount of rain falls. The Allegheny and Monongahela rivers in western Pennsylvania are expected to crest today at 23 feet—two feet below flood stage.

But heavy rains could change the picture—and more rain is forecast tomorrow or Saturday.

An ice jam formed below Lock Haven on the west branch of the Susquehanna yesterday, then broke and sent swirling waters and ice against a Pennsylvania railroad bridge at Linden, Lycoming county.

HONOR BISHOP LAMB

Philadelphia, Jan. 3 (AP)—Bishop Hugh S. Lamb, who is to be installed January 18 as spiritual head of the new diocese of Greensburg, Pa., today bids his official farewell to Philadelphia. Bishop Lamb has been administrator of the Philadelphia archdiocese since the death of Dennis Cardinal Dougherty last summer. Church and civic leaders are honoring Bishop Lamb at a number of functions today, including a luncheon.

FATALLY BURNED

Easton, Pa., Jan. 3 (AP)—Mrs. Emma Walters, 68, was found burned and in a semi-conscious condition by her son, David, in her second floor apartment yesterday. She died later in Betts hospital. Police said most of the woman's clothing had been burned off but added that there had been little damage to the apartment. The cause of the blaze was not determined immediately.

Maine was the first state to ratify the proposed 22nd Amendment to the U.S. Constitution. It would limit to two the number of terms any person may serve as president of the United States.

Para-pooch Leaps And Has Close Call

Tokyo, Jan. 3 (AP)—Teddy, the para-pooch, almost made his last jump today.

The little dog leaped from a big

transport plane with paratroopers practicing jumps over southern Japan. But as Teddy's chute snapped open a sirap broke, leaving him suspended by his hind legs.

The veteran para-pooch apparently knew enough not to struggle. He landed safely, but soldiers said he'd have slipped from the harness if he'd started wriggling.

FARM SHOW IS NECESSARY FOR PA., SAYS HORST

Harrisburg, Jan. 3 (AP)—The 1952 edition of the Pennsylvania Farm show—with accent on the youth—today was termed "as necessary to the commonwealth as spark plugs to an automobile engine."

Miles Horst, agriculture secretary, said the show, scheduled from January 14 to 18, "is designed to provide incentive and assistance to the farmer through the mammoth display of agricultural activities."

Among the main highlights of the 36th annual production will be talks by U. S. Sen. Richard Nixon (R-Calif.) and Herschel D. Newsum, master of the Grange.

Officials making preparations for the event expect a record-shattering attendance again this year. Last year the various activities attracted more than 391,000 persons, an all-time high.

To bolster their expectations the officials point to a new high in livestock entries and premiums offered as prizes. Last year some \$54,476 was paid to competitors in 24 departments. This year the figure has been upped to \$55,100.

In addition, heavier emphasis on youth activities and several new contests will brighten up the five days and four nights of the show's operation.

For the first time members of the

4-H club and Future Farmers of America will participate in contests of skill and safety practices in the operation of farm tractors. They will be held in the large arena on the fourth day. Moreover, the youths will compete with exhibits of food, livestock, fruits and vegetables which they have grown.

All the activities and exhibits will take place on part of the 570,000 square feet of floor space encompassing the main building and adjacent additions.
